

Data Pledge - You are the Owner!

When you entrust your data to Velocity, you remain the owner of that data.

Newton is your 'data steward' entrusted to safeguard your data, and to share portions of that data with third parties only when expressed consents or explicit opt-in's* are provided by you.

Our primary role is to connect you safely and securely with clients, lenders and other key providers in the mortgage value chain to help you deliver a better experience every day.

We collect diagnostic data to keep Velocity secure, up to date, and performing optimally on all of the devices it's accessed from. This relates to the basic functioning of Velocity and doesn't include your and/or your client's personal information, file content, or information about applications unrelated to Velocity.

We've updated our Privacy Policy to let you know what data we collect and how we use it. Let's take a look: newton.ca/privacy-policy.

There are **NO** circumstances under which Newton shares any of your owned data with any third party without your consent or opt-in. This forms part of our Terms of Service which each new subscriber acknowledges and accepts prior to system access. Let's take a look: newton.ca/terms-of-service.

If you have any questions, concerns or comments regarding your rights as the data owner please do not hesitate to call or email me directly to ensure that your understanding is complete and accurate. I can be reached at geoff.willis@newton.ca or 416-620-2694 / 604-657-9195.
