About Us

As a smart man once observed; "An object in motion tends to remain in motion along a straight line unless acted upon by an outside force." **We're that force!** The force that moves you from that straight, flat line to increasing your sales, improving your clients and lender's satisfaction while reducing your cost, time and aggravation. Our goal is fulfilling your needs and exceeding your expectations. Newton provides a complete range of hosted and licensed system solutions capable of achieving seamless straight through processing of mortgage applications from initial customer enquiry to final mortgage advance.
